El valor Sub(\$/m3) corresponde a %S x CUEq según Res.CREG 186/2014. Los consumos que superen los 20m3 serán facturados con la tarifa del cargo variable. Los estratos residenciales 5 y 6 pagarán una contribución de solidaridad sobre el cargo fijo total y el cargo variable total correspondiente al 20% de su valor. Los usuarios comerciales e industriales pagarán una contribución de solidaridad sobre el cargo fijo total y el cargo variable total correspondiente al 8.9% de su valor.
